**RESPONSE TO RESTRICTION REQUIREMENT**

Commissioner for Patents  
P.O. Box 1450  
Alexandria, VA 22313-1450

Sir:

In response to the restriction requirement mailed on July 5, 2005, Applicant respectfully points out that the restriction requirement is improper because independent claims 27, 40, 53, 55, and 77 have not been included in any of the groups and therefore cannot be elected as the invention to be examined.

Applicant respectfully requests that the Examiner withdraw the present restriction requirement in view of the fault identified above. If a petition is deemed necessary to secure the withdrawal of the present restriction requirement, Applicant respectfully requests that this paper be considered as such a petition. Furthermore, the USPTO is authorized to charge any necessary petition fee, as well as any other fee except for the issue fee, to deposit account 19-4880. However, because the errors in the restriction requirement are not of Applicant's making, but the Examiner's, it is respectfully requested that any petition fees so charged be refunded.

If a new restriction requirement is still thought to be necessary, applicant respectfully submits that the following grouping of claims might be more logical than the 22 different groups mentioned in the outstanding restriction requirement: Group I (claims 1-39); Group II (claims 40-59); Group III (claims 60-71); Group IV (claims 72-83).
